## **Josef Kutschi appointed new Managing Director of FREQUENTIS Comsoft**

- **As of 31 January 2025, Josef Kutschi will take over as Managing Director of Frequentis Comsoft**
- **He will succeed Constantin von Reden, who will be leaving the Frequentis Group**

Josef Kutschi joined Frequentis in 2019 as Sales Director ATM Middle East and was appointed Managing Director of Frequentis Middle East in January 2020. In this position, he was responsible for market development, sales, and customer service in the areas of Air Traffic Management (ATM), Defence, and Public Safety in the Middle East.

With over 18 years of experience in the aviation and aerospace industry, Josef Kutschi has built a solid foundation in management roles across the satellite industry, air traffic management, and civil aviation. Before joining Frequentis, he held various management positions in these fields and worked for several years in the Middle East. He holds a Master's Degree in Marketing & Sales and International Management from CAMPUS02 University of Applied Sciences in Graz, as well as an Executive Master's Degree in Management from the London School of Economics and Political Science (LSE).

“With Josef Kutschi, Frequentis Comsoft will be led by an accomplished manager who will be able to use his extensive international experience and industry knowledge to further develop the company successfully. We wish him all the best for his new role”, says Norbert Haslacher, CEO Frequentis AG. “We thank Constantin von Reden for his efforts and achievements in the last years. He has provided important impulses and laid a strong foundation for the future of Frequentis Comsoft. We wish him the very best for his future.”

Constantin von Reden, who has managed Frequentis Comsoft since April 2021, will be leaving the Frequentis Group at his own request at the end of February 2025. Until then, he will continue to support his successor in an advisory capacity.

### About FREQUENTIS Comsoft

In 2016, Frequentis Comsoft joined the Frequentis Group as its competence centre for AMHS, AIM, surveillance technologies and ATM systems. Frequentis Comsoft provides software-centric solutions covering a major part of the surveillance data chain: from distribution to processing to display.

### About FREQUENTIS

Frequentis stands for a safer world. Our solutions are used in our customers' command and control centres and help them make the world safer.

Frequentis' reliable communication and information systems are used around the world by civil and military air traffic control organisations (Air Traffic Management segment) and the police, emergency rescue services, fire brigades, railways, coastguards, and port authorities (Public Safety & Transport segment).

The listed family business based in Vienna, Austria, drives innovative and sustainable solutions for safety and security in everyday life and communications in the safety-critical sector. Its air traffic optimisation solutions for air traffic control centres contribute to reducing emissions.

With a market share of 30%, this high-tech company is the world market leader in voice communication systems for civil air traffic control.

As a global player with more than 2,300 employees (full-time equivalents/FTE), Frequentis has a worldwide network of companies in over 50 countries. Its products, services, and solutions are used in around 150 countries. Shares in Frequentis are traded on the Vienna and Frankfurt stock exchanges; ISIN: ATFREQUENT09, WKN: A2PHG5. In 2023, revenues were EUR 427.5 million and EBIT was EUR 26.6 million.
