
FREQUENTIS Defense gains access to U.S. Navy's SeaPort NxG Indefinite Delivery / Indefinite Quantity (IDIQ)

- **Frequentis Defense Inc. secures eligibility to bid on future projects through the U.S. Navy's SeaPort NxG platform**
- **SeaPort NxG is a multiple-award contracting vehicle that facilitates the procurement of engineering, technical, and programmatic services for the U.S. Navy**

Frequentis Defense Inc. (FDI) is pleased to announce its successful entry into the U.S. Navy's SeaPort Next Generation (SeaPort NxG) IDIQ. This achievement highlights the company's readiness to support the Navy's evolving needs by offering innovative and reliable solutions tailored to mission-critical operations.

SeaPort NxG serves as the U.S. Navy's premier contracting platform for acquiring a wide range of services essential to enhancing operational readiness and addressing emerging challenges. By gaining access to this multiple-award contract vehicle, FDI now can bid on projects that demand advanced technical expertise, ensuring the Navy maintains its leadership in mission readiness and capability.

"Joining SeaPort NxG is a testament to our team's dedication, expertise, and commitment to supporting the warfighter," says Brian Bruckbauer, President of FDI. "We are honored to do our part in helping the U.S. Navy achieve its missions and to partner in advancing the Navy's technological innovation and excellence."

This access marks a significant strategic advancement, allowing the company to actively pursue future initiatives aligned with the Navy's strategic priorities. With a proven track record in delivering innovative solutions, FDI is well-equipped to collaborate on projects that enhance efficiency and ensure operational success for the Navy and its stakeholders.

FDI is proud to join a select group of contractors trusted to respond to the Navy's evolving requirements. This milestone underscores the company's ability to deliver advanced solutions under complex and demanding conditions, further solidifying its role as a valued partner within the defense sector.
